WHAT IS DRIVING THE POPULATION INCREASE?

Average days in custody is increasing

SUMMARY

- Increases in entries and length of stay are both driving the population increase for females
- Women are entering the facility with more serious charges than they have previously.
- These are mostly low-level felonies that are drug and property charges, probation violation on felonies is also amongst the most serious charge on booking
- Orders for arrest for failure to appear are impacting the population more than they have in the past
