<b>TOTAL:</b>	<b>\$ 1,672</b>

**Narrative summary of grant related activities**

The Hundred Movement has utilized \$1,672 of the Tipping Point Grant funds to date. We purchased organizational signage and tablecloths that we can utilize at outreach events and so far we have already used it 4 times. We also purchased THM rack cards and pens that we have used to distribute to referral sources, community organizations and business, and donors. We have almost distributed all of the rack cards that we purchased and we are getting ready to purchase another set. So far 18 new organizations and business have been provided informational materials as well as many other individuals not associated with any particular organization or business. We have plans to add the additional business line and phone by the end of Januray 2024.
