

Buncombe County Board of Commissioners
Agenda Item: February 5, 2013

Action Requested:

To assure an efficient and effective transfer and operation of the Public Safety Training Facility, approve the transfer of a municipal fireman to the county with aggregate service to manage the Public Safety Training Facility. Also, establish a "Public Safety Training Facility Manager" position classification at grade 83.

This follows the same practice used when the City of Asheville transferred CJIS to the County in 1995. It assures the public safety community that the appropriate support is provided for their operations and the individual assuming the responsibility is well qualified and respected for their knowledge and experience in the field.

North Carolina General Statute Requiring This Service (if any):

None

Funds and/or Staff requested:

There are no funds or new positions being requested. The cost for the service will be covered with existing resources and a currently vacate position will be reclassified.

Request Submitted by: Wanda Greene, County Manager

Date Submitted: February 5, 2013
