

Early Childhood Education Site Visits December/January 2019

- Buncombe County staff will acquire the best times to meet with ECE grantees. Visits will be no more than 1 hour and will be scheduled either the morning or afternoon. We do not want anyone to have to take an entire day out of work. There are never more than 2 visits per day. There are no less than 3 of you attending any given site visit.
- The site visits should be devoted to questions, discussions, viewing the classrooms if applicable, and a tour of the facility. Once the visits have been scheduled, we will send out an email to all ECE committee members one week prior to each visit with center contact information and address.
- Visits will occur in the months of November and December. Staff will schedule all site visits based on the availability of the grantees. We recognize that not everyone will be able to participate in all site visits; therefore, staff will develop a folder with all site visit notes so everyone gets the same information.
