MANAGER'S MESSAGE

Dear Buncombe County Residents,

We are excited to present the County's Popular Annual Financial Report (PAFR) for the fiscal year ending June 30, 2016. The purpose of the PAFR is to provide an effective way of communicating complex financial data and governmental initiatives to our citizens. It is intended to provide a summary of the County's financial position in a user friendly format. The PAFR is a reflection of our efforts to keep citizens informed about the County's financial operations and what we are achieving with our financial resources. Within this report you will find an analysis of where our financial resources come from and where the dollars are spent in a format that is easy to understand.

The financial information in this report is derived in large part from the financial statements contained in the Buncombe County Comprehensive Annual Financial Report (CAFR), which is prepared in accordance with Generally Accepted Accounting Principles (GAAP) and is audited by an independent Certified Public Accounting firm. The CAFR contains more detailed and extensive information, such as the audited financial statements, notes, schedules and other relevant information.

This report is not an audited document and does not include all details of the audit report; rather, this report is intended to increase awareness of the financial operations of the County. For more in-depth financial information, the CAFR is available online at the County's website, www.buncombecounty.org.

Our goal is to ensure you have the best, most easily understandable financial information available and to increase your confidence in the way our County is operated. If you have questions concerning the financial reports or would like additional information, you may send an email to Financeinfo@buncombecounty.org or call the Finance Department at 828.250.4130.

GENERAL **FUND**

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in a different fund. The core services of Buncombe County are accounted for in the General Fund, in addition to other services.

FUND BALANCE QUICK FACTS FOR FISCAL YEAR 2016

Fund Balance is the difference between fund assets (what we own) and fund liabilities (what we owe). Generally Accepted Accounting Principles (GAAP) provide the hierarchy of constraints placed on how fund balance can be spent. Information on fund balance classifications can be found in the notes of the Comprehensive Annual Financial Report.

- At the end of the fiscal year, available fund balance for the General Fund was \$53.5 million.
- The Board of Commissioners has determined that the County should maintain an available fund balance of 15% of general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting cash flow needs of the County. The County has exceeded this requirement with an available fund balance of 17.4%.
- The County has been able to maintain its fund balance position during the economic fluctuations because of operational efficiencies and controlled spending.

PROPERTY TAXES

In order for Buncombe County to provide many types of services for our citizens, it needs to generate revenue. One of the main sources of revenue is Ad Valorem (property) tax. Property taxes make up 59.86% of the total General Fund revenues and are assessed and collected for things such as real estate, business and personal property, and motor vehicles. In order to fairly tax citizens, the County Tax Department reviews ownership and condition of the taxable property as of January 1st each year.

*2016 information for the State of NC and for NC Counties with population of 100,000+ has not yet been published.

The charts below focus only on governmental activities. Business-type activities, which include services such as the Landfill, can be viewed in the Comprehensive Annual Financial Report. OUTSTANDING DEBT

As of June 30, 2016, Buncombe County’s total debt outstanding was \$477.3 million, of which \$147.6 million is for the public school systems and \$85.6 million is for the community college. The Management’s Discussion & Analysis in the CAFR provides more in-depth narrative on the outstanding debt of Buncombe County.

Under North Carolina law, the County is responsible for providing capital funding for the public school systems. Because the assets funded by Buncombe County are owned and utilized by the school systems, Buncombe County has incurred a liability (what we owe) without a corresponding increase in assets (what we own).

\$27.2 million—General Obligation Bonds, where the debt is backed by the full faith and credit of Buncombe County.
