Equity is one of Buncombe County's values expressed in the strategic plan. Inequities exist across all areas, whether looking at geography, race, gender, age, sexual orientation, disability, and many other traits. Racial equity is a priority because of pronounced racial disparities at a community level. Buncombe County defines equity as the state of being just, impartial and fair. We define racial equity as when race can no longer be used to predict life outcomes, and outcomes for all groups are improved.
