

CoC SHELTER RECOMMENDATIONS

Presented by

Lacy Hoyle, Homelessness Program Manager

Planning and Community Development

Board of County Commissioners Briefing

September 3, 2024

NATIONAL ALLIANCE TO END HOMELESSNESS (NAEH) RECOMMENDATION REGARDING SHELTER

Increase crisis response capacity to meet 30% of the immediate problem solving/shelter needs of unsheltered homelessness.

Implement newly funded effective shelter bed capacity by 30%. Identify non-congregate site(s) which would significantly improve the number of people accepting shelter placement. Refer to shelter inventory to see the list of current shelter beds. This should happen in conjunction with retooling existing shelter options to be effective.*

* Effective shelters embrace a Housing First approach, implements safe and appropriate diversion, offers immediate and low-barrier access to anyone facing a housing crisis, measure shelter performance to improve results, practice cultural humility and inclusion, and follow HUD's Equal Access Rule.

INITIAL RESPONSE TO NAEH RECOMMENDATION

Homeless Initiative Advisory Committee (HIAC)

- Form a Shelter Work Group
- Issue a Request for Partnership (RFP) for Temporary Shelter Bed Expansion
- Request County/City ARPA Funding; County/City Awarded Funding to 3 Providers:
 - Salvation Army
 - Haywood Street Respite
 - Safe Shelter

Beds	NAEH Recommended Bed Expansions	HIAC Proposal Response	Balance
Single	60	30	30
Enhanced	25	3	22
Family	10	10	0
Total	95	43	52

FURTHER RESPONSE TO NAEH RECOMMENDATION

Shelter Team

- Joint Team of County/City/HIAC
- Goal: Develop Recommendations for Longer Term Low Barrier Shelter Bed Expansion
- HIAC endorsed Shelter Team Recommendations

Continuum of Care Board

- Form Shelter Planning Workgroup

CoC SHELTER WORKGROUP PROCESS

Stakeholder Engagement

- CoC Membership Advisor Sessions: June 26, 2024
- Individuals with current lived experience of homelessness provided feedback
- Buncombe County staff provided clarification on potential Funding Opportunity

Develop and Release Request for Proposals (RFP)

Proposal Evaluation

- Confirmed Submittal Criteria
- Analyzed alignment with RFP Scope of Work and Budget
- Engaged Proposals for Additional Information

Present Written Plan to CoC Board

CoC REQUEST FOR PROPOSAL (RFP) DETAILS

Low Barrier Shelter Capacity

- 100 Non-Congregate Shelter Beds; 50 Additional Congregate Beds in Flexible Space
- Alignment with Shelter Planning Team Recommendations
- Serves populations unable to access existing shelters

Period of Performance

- Contracts begin: September 2024
- Operations begin as early as: January 2025
- Provision of services for minimum of one year

Operations

- Reduce typical barriers to entry
- Extensive staffing, more intensive management
- Supportive services on site
- Align with Housing First best practices

IDENTIFIED NEED: SALVATION ARMY

During the Proposal Analysis process the Shelter Workgroup identified a need to maintain current shelter bed capacity.

The Salvation Army is unable to expand beds immediately but requests support with operational funding for one year to continue existing shelter bed provision through December 31, 2025.

The Salvation Army is pursuing bed expansion with organizational leaders and undergoing strategic planning to include currently owned properties in Asheville.

SALVATION ARMY

Additional Need: Extend operational support for 65 beds at 204 Haywood St. beyond December 2024

Bed Capacity	Cost Per Bed Night (Operating Only)	Population Served	Supportive Services Offered
20 = Preserved Expansion 45 = Preserved Existing	\$41.34	Adults, Families with Children Under 18	Case Management Referrals to Medical Care Behavioral Health Substance Use Support and Housing Placement
