BUNCOMBE COUNTY

QUARTERLY FINANCIAL REPORT

Fiscal Year 2025 Quarter 2

December 31, 2024

Executive Summary

I am pleased to present you with Buncombe County's Quarterly Financial Report for the quarter ended December 31, 2024. This report includes General Fund budget versus actual, Q2 FY2025 year to date actuals versus Q2 FY2024 year to date actuals, a summary of major revenue sources, current net county cost actuals, Solid Waste summary, Capital Project overview, and donation activity.

General Fund Revenues:

- Budget of \$444.6 million, which includes \$15.7 million of appropriated fund balance.
- Actuals year to date total \$236.4 million, which is 53.2% of the amended budget and 4% less than the same time prior year.
- Prior year actuals totaled \$246.7 million.
- Ad Valorem revenues and Sales Tax revenues are down 3% each, and Intergovernmental revenues are down 12%
- Property tax makes up \$181.8 million, or 77% of Quarter 2 revenues.

General Fund Expenditures:

- Budget of \$444.6 million.
- Actuals year to date total \$213.3 million, which is 48.0% of the amended budget and 3.0% greater than the same time prior year.
- Prior year actuals totaled \$207.0 million.

Solid Waste Revenues:

- Budget of \$18.5 million, which includes \$4.4 million in appropriated fund balance.
- Actuals year to date total \$7.7 million, which is 41.7% of the amended budget and 23.8% greater than the same time prior year.
- Prior year actuals totaled \$6.2 million.
- Current year increase in revenues is driven by interfund transfer revenue related to Compost Facility Savings from the Solid Waste Capital Projects Fund and growth in Disposal Fees.

Solid Waste Expenditures:

- Budget of \$18.5 million.
- Actuals year to date total \$6.5 million, which is 35.0% of the amended budget and 5.6% greater than the same time prior year.
- Prior year actuals totaled \$6.1 million.
- Current year increase in expenditures is driven by interfund transfers related to current year capital outlay, Solid Waste Disposal Taxes remitted to the State of North Carolina, increases in equipment leases, and indirect costs charged to the Solid Waste Fund.

County Capital Projects:

- Budget of \$155.4 million.
- Life to date expenditures total \$56.8 million, or 36.5% of budget.
- Due to the long-term nature of capital projects, a significant portion of expenditures may not occur in the year the budget was established.

The information following this summary will give a more in-depth look at the County's overall standing at the end of this quarter.

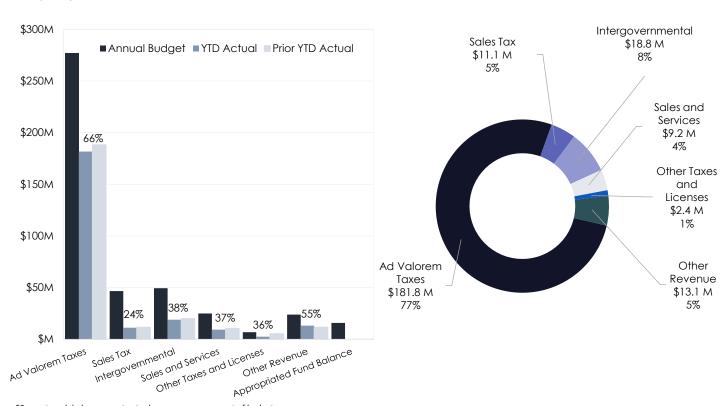

Melissa Moore Finance Director

General Fund Overview

FY25 Quarter 2 General Fund revenues are approximately 53% of the budgeted amount. Ad valorem taxes are largely collected between November-January, and collections through December are 66%, which trails last year same time collection of 74%. Local option sales tax is received on a three-month lag, where Quarter 2 accounts July, August, and September sales. Local option sales tax to revenues to date are approximately 24% of budget and are slightly behind prior year revenues by \$393,350, or 3%. Intergovernmental revenues include grant revenue which is dependent on grant spending and reimbursement timing. See "General Fund Major Revenue Sources" for additional information.

Q2 FY2025 Revenues by Type General fund YTD actual revenues

Q2 FY2025 Revenues

General fund revenues budgeted, YTD actual, and prior year YTD actual*

*Percentage labels represent actual revenues as a percent of budget

As of December 31, 2024, expenditure actuals are approximately 48% of the budgeted amount, which is approximately 3% greater than the prior year. Debt Service is approximately 20% higher, due to the addition of 2024 Limited Obligation Bonds and General Obligation Bonds, where interest payments started in December. Capital Outlay is approximately 19% higher than prior year actuals, attributed to vehicle and ambulance purchases. Salaries and Benefits are approximately 7% higher than same time last year actuals, but remain in line with budget expectations at 49% of budget spent. Program Support is approximately 4% higher than same time last year actuals, where education funding makes up 82% of the total Program Support expenditures to date.

Solid Waste Overview

Solid Waste is made up of the Landfill and Transfer Station. The Transfer Station serves as a drop-off location for residential and commercial waste, which is then transferred to the Landfill.

The largest driver of revenues for the Solid Waste fund is Sales and Services. Year to date Sales and Services revenues as of Q2 FY2025 are ahead of prior year revenues, showing a 15% growth. Disposal rates are \$45/ton at the Landfill and \$52/ton at the Transfer Station.

Q2 FY2025 expenditures are approximately 6% greater than prior year expenditures. Indirect Cost charges, costs assigned for General Fund support, to the Solid Waste Fund in the current year account for the largest year over year increase, at 55%. Capital Outlay and Debt Service spending are lower than same time last year, at 29% and 19% lower, respectively. Salaries and Benefits and Operating Expenditures are within expectations.

Capital Projects

Capital projects are typically owned and funded by the County. Capital projects include construction, renovation, demolition projects, major maintenance, or acquisition of land or other assets. On an annual basis, capital projects are presented to the Board for approval. Capital projects typically take years to complete due to the extensive amount of work that must go into planning, procuring goods and services, designing, and construction. Life to date budget below depicts the estimated future spend. See Appendix C for more information.

Capital Project Expenditures

Donations

The Board-adopted Donation Policy identifies cash, cash equivalent, or real or personal property as acceptable donations. Donations may only be accepted when they have a purpose consistent with Buncombe County's goals and objectives. Buncombe County may choose to reject donations with an implied or express condition of advocacy or discrimination based on political, religious, or other group affiliation.

Sheriff's Office		22,809
Grand Total	\$	106,935

Appendix A General Fund Major Revenue Sources

Property Tax

Property taxes are the single largest source of revenue for counties in North Carolina, accounting for 63% of Buncombe County's General Fund budgeted revenues for FY2025. Both real property and personal property are subject to taxation unless specifically exempted or excluded. Property values are assessed January 1st of each year, are due September 1st, and are payable without interest at any time through the following January 5th. This results in the largest portion of property taxes being received in December and early January of the fiscal year.

FY2025 Estimated Property Tax Revenue		
Assessed Valuation		\$ 53,646,145,354
Tax Rate per \$100 of Assessed Valuation	х	\$ 0.5176
Tax Levy		\$ 277,672,448
Estimated Collection Rate	х	99.75%
Estimated Revenue		\$ 276,978,267
Value of 1 Cent		\$ 5,351,203
Value of 1 Cent		\$ 5,351,203

At the end of the second quarter, \$181.8 million of property tax revenues were received which is 65.5% of the budgeted amount. Last year same time collection rate was 73.8%.

Sales Tax

The County levies four local-option retail sales and use taxes that total 2.25%. Approximately 65% of the 2.25% levied by the County impacts the General Fund:

Amount	State Legislation G.S. 105 -	Local Legislation/ Commission Action	Distribution and Use Restrictions
1%	Article 39	Senate Bill 888 Ratified June 21, 2016	50% School Capital Commission Fund Remaining proceeds distributed to other taxing districts and County General Fund.
0.50%	Article 40		30% Public Schools ADM Capital Projects Fund Remaining proceeds distributed to other taxing districts and County General Fund.
0.50%	Article 42		60% Public Schools ADM Capital Projects Fund Remaining proceeds distributed to other taxing districts and County General Fund.
0.25%	Article 46	Resolution #17-06-03 Adopted June 6, 2017	100% Article 46 Capital Projects Fund (currently designated for AB-Tech capital and operating needs).

Sales tax is tracked closely throughout the year given its unpredictable and volatile nature. Economic trends such as consumer spending, inflation, and unemployment rates correlate with sales tax revenues. Sales tax proceeds are collected by retailers and remitted to the NC Department of Revenue (DOR). The DOR allocates a portion of the revenues to counties on either a point-of-origin or per capita basis based on statutes governing each article of sales tax. The remittance and distribution schedule results in a three month lag in sales tax receipts.

General Fund Sales Tax revenues represent July, August, and September sales. At the end of the second quarter, \$11.1 million, or 23.7%, of estimated sales tax revenues were received. Prior Year sales tax revenues showed \$11.5 million. Hurricane Helene hit the area on the morning of September 27, following days of extreme rain, disrupting major infrastructure and retail. The County will continue to closely monitor sales tax trends.

Intergovernmental

Intergovernmental revenues include grants and programmatic payments from federal, state, and other local government units. These revenues account for 11.2% of General Fund budgeted revenues. The majority of these revenues are generated from the County's Health and Human Services function, which is comprised of Public Health, Social Services, and other Youth and Aging Services. These services generate approximately 84.9% of all intergovernmental revenues. These revenues are often received on a reimbursement basis. At the end of the second quarter, \$18.8 million, or 38.1%, of estimated intergovernmental revenues were received.

Appendix B Net County Cost

The net county cost breakdown of General Fund expenditures provides information on the functions that are supported by general purpose revenues such as property tax and sales tax. This breakdown nets out other revenues such as state and federal allocations and program generated revenues, creates a more precise way to view direct cost impact to property taxpayers, and shifts the ranking of functions by expenditures in notable ways. For example, the total expenditures budget for Health and Human Services is higher than the budgeted amount for Public Safety but as shown below, this relationship is reversed after intergovernmental and other Health and Human Services-specific revenues are considered.

YID actual net cost after function-specific revenues are subtracted from expenditures Cultural and Economic & Physical Debt, \$3.4M, 2% Recreational, \$5.1M, Development, \$1.9M, 3% 1% Public Safety, \$41.7M, 24% Education, \$64.8M, 38% Health and Human Services, \$26.4M, 15% General Government, \$29.7M, 17%
